

DUIROLIFT

HYDRAULIC EXTENDING FORKS

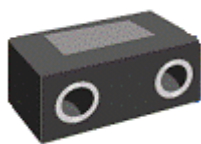

Features

UK Manufactured

Increase the versatility of existing equipment

Mounting is ISO/FEM Compliant

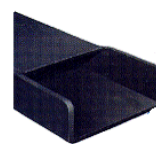

Unique twin fork design ensures a high strength/low weight ratio

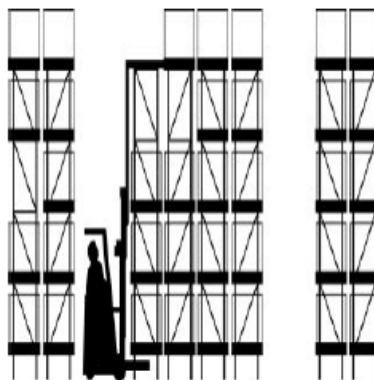

Flow divider ensures 100% synchronisation

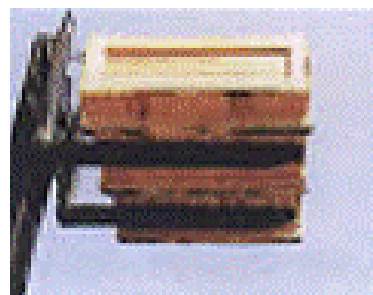

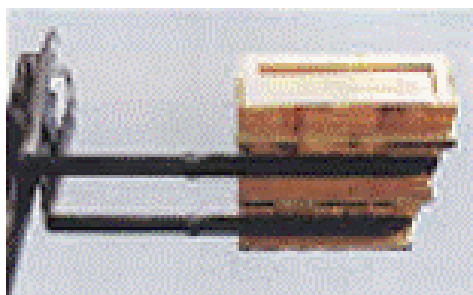

Simplicity of design means this product is easy to install with low maintenance

Outer forks manufactured with reinforced heels to ensure longer user life

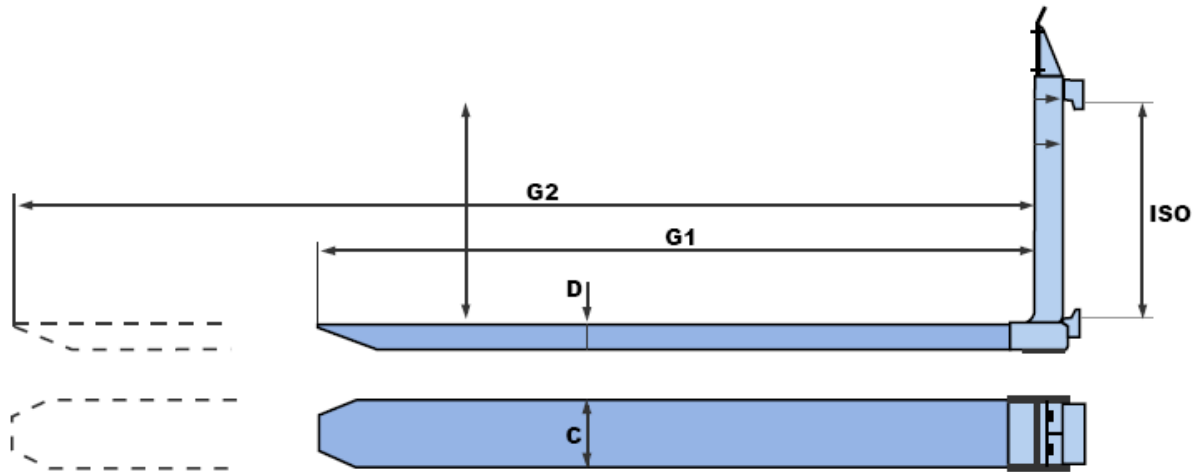

Can be utilised in Cold Storage of high volume double stacking environments

DUROLIFT

HYDRAULIC EXTENDING FORKS - PRODUCT RANGE

Model Number	Capacity at 500mm Load Centre	Section Size (Outer-fork) (C x D)	Closed	Open	Centre of Gravity		Weight Kg Per pair	ISO / FEM Mounting	Price (£)
