

DUIROLIFT

AUTOMATIC ROLL FORWARD SKIP

Features

- Painted bright yellow for safety*
- Self emptying roll operation*
- Operating mechanism with Manual over-ride*
- Fully automated discharge plus re-latch*
- Fitted with a safety retaining chain for safe attachment to the fork truck*

Model : DL-28

The Automatic Roll Forward Skip is fitted with a front nudge bar that triggers the skip to automatically roll forward for emptying. This allows the operator to empty the skip in safety and without leaving his seat.
