

DUIROLIFT

FORK EXTENSIONS

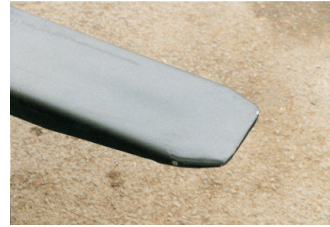

Features

Painted matt black

Safe attachment to the fork truck by an integral retaining bar

Conform to British Standard ISO 13284

Fully formed and profiled toe section reinforced for additional strength

Toe Section Profile

Model : DL-37

These Fork Extension Sleeves have an integral retaining bar, are fully formed with a profiled toe section. They are designed to offer occasional long reach and stabilising capabilities. They provide stable and safe handling of loads which are longer than the original truck forks whilst retaining truck manoeuvrability for conventional operating.

Part Number	Length (mm)	Price
To suit 100 mm wide forks up to 50 mm thick		
DL37-FEX100-1050	1050	£ 214.80
